AUSTRIAN.

1.pretty 2.beautiful 3.smart

"Fesh" is a delightful and charming word that captures the essence of beauty, elegance, and style. It exudes a certain level of sophistication that is not easily replicated by other words. It is a regional term that has a unique cultural and linguistic significance in the German-speaking world, particularly in Austria.

When something or someone is described as "fesh", it is not just a matter of physical attractiveness, but rather a certain je ne sais quoi that makes them stand out. It is a term that evokes a sense of admiration and awe, as if the object of the description possesses a certain mystique that cannot be easily explained.

In essence, "fesh" is more than just a word, it is a feeling, an experience, a state of mind. It is a celebration of beauty and style that transcends cultural boundaries and speaks to the universal human desire for aesthetic pleasure.
